

Large Component Fabrication & Machining

Large Component Fabrication

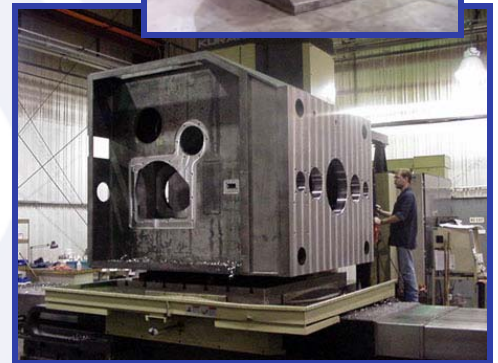

Multi-Axis Milling And Turning

CNC Turning to 35" Dia.
Manual Turning to 60" Dia.

Fabrication of Large Components and Assemblies

CNC Turning to 35" Diameter

4 Axis Milling to 1,000 Cubic Feet

40 Ton Lifting Capacity for Large Assemblies

4 Axis Milling Capacity to 1000 Cubic Feet (120"x 120"x 120")

Surface Grinding to 36"W x 96"L x 40"H

PPI also offers:

CNC Sinker and Wire EDM

CNC ID and OD Grinding

and a wide array of additional manufacturing services

Surface Grinding to 36" x 96" x 40"

Large Components and Tight Tolerances

Large Component Machining

Greenwood, Indiana, USA
